# OHP CHIPCO® 26019

### Ornamental Fungicide

An American Vanguard Company

A FUNGICIDE FOR THE PREVENTION AND CONTROL OF CERTAIN DISEASES OF ORNAMENTALS

#### Product Information Bulletin

202

#### **GENERAL INFORMATION**

**OHP Chipco 26019** is a broad spectrum fungicide that may be applied safely to a wide range of ornamental flowering and foliage plants, either as a spray, drench, or dip. **OHP Chipco 26019** contains 50% active ingredient per pound and is a wettable powder formulation.

Common Name: Iprodione

Class: Dicarboximide

GROUP 2 FUNGICIDE

Packaging: OHP Chipco 26019 is packaged in

2 lbs. containers

### RESTRICTED ENTRY INTERVAL AND SIGNAL WORD

**REI:** 12 hours **Signal Word:** Caution

## PERSONAL PROTECTION EQUIPMENT (PPE)

Mixers, loaders, others exposed to the concentrate, cleaners/repairers of equipment, and applicators applying as a dip treatment must wear:

- · Long-sleeve shirt and long pants
- Chemical-resistant gloves
- Chemical-resistant apron
- · Chemical-resistant footwear plus socks
- Dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any N, R, P or HE filter

#### Applicators using hand-held equipment:

- Coveralls over long-sleeve shirt and long pants
- Chemical-resistant gloves
- · Chemical-resistant footwear plus socks
- Chemical-resistant headgear for overhead exposures

 A dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C) or a NIOSH approved respirator with any N, R, P, or HE filter

Consult label for full PPE requirements.

#### **MODE OF ACTION**

**OHP Chipco 26019** is a contact, curative fungicide which inhibits germination of fungal spores and growth of fungal mycelium.

#### **USE SITES**

**OHP Chipco 26019** is recommended for use on a wide variety of ornamentals in field or container nurseries, conifer nurseries, greenhouses, and in landscape settings.

(Conifer nurseries not registered for use in California.)

#### **DISEASES CONTROLLED**

Alternaria Leaf Blight

**Alternaria Leaf Spot** 

**Blossom Blight\*** 

Botrytis sp.

Cylindrocladium Blight and Wilt\*

Daffodil Leaf Scorch\*

**Fusarium Corm Rot** 

**Fusarium Leaf Spot** 

**Helminthosporium Leaf Spot** 

**Ink Spot** 

Ray Blight

Rhizoctonia

**Rhizoctonia Stem and Root Rot** 

**Tulip Fire** 

\* not registered for use in California (see label for complete list)

#### APPLICATION AND RATES

**Foliar spray:** Apply 1 to 2 lbs. per 100 gallons of water to the point of runoff. Repeat applications may be made every 7 to 14 days.

**Surfactant:** A resin based surfactant should be added to foliar sprays for use on irises, lilies, and tulips.

Do not apply more than 2.5 lbs. of product per acre per application. Do not make more than four (4) applications per year.

**Drench:** Apply at seeding and/or after transplanting for Rhizoctonia control at 6.5 oz. per 100 gallons of water. Apply 1 to 2 pints of solution per square foot.

Do not exceed a total of 17.6 oz. of **OHP Chipco 26019** per 1,000 sq. ft. per year.

Limit individual applications of **OHP Chipco 26019** to a maximum of 6 per year.

Do not use as a drench on impatiens or pothos. Do not use on Spathiphyllum.

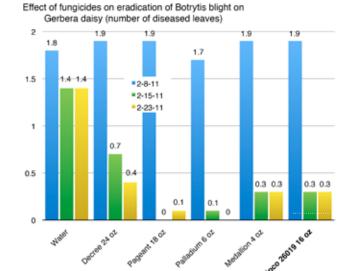

**Dip:** Dip in a solution of 1 to 2 lbs. of **OHP Chipco 26019** per 100 gallons of water for five minutes prior to cold storage or planting.

- As a dip, OHP Chipco 26019 is labeled for use on Botrytis Storage Rot (Botrytis sp.), Cylindrocladium Blight and Wilt \*, and Fusarium Corm Rot.
- Dip application: not registered in California for Cylindrocladium Blight and Wilt.

For all treatments, thorough coverage is required for maximum effectiveness.

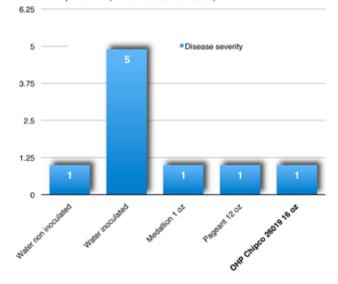

#### **TANK MIXING**

For additional disease control, the label dosage of tank mix partners should not be exceeded. Do not mix **OHP Chipco 26019** with any product labeled against such usage. **OHP Chipco 26019** is compatible with most commonly used fungicides.

Chase Horticultural Research, 2011

Effect of fungicides on severity of Rhizoctonia cutting rot on poinsettia (1=no disease to 5=dead)

Chase Horticultural Research, 2009

Use of OHP Chipco 26019 according to the labeling is subject to the use precautions and limitations imposed by the label affixed to the container of OHP Chipco 26019. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Always read product label prior to product use.
